**VOLUME 12**

JANUARY THROUGH JUNE, 1966

---

**AMERICAN MEDICAL ASSOCIATION Publication**

## AUTHOR INDEX TO VOLUME 12

In this Index in alphabetical order are listed the names of authors of all articles. Full citation is given under first author only; reference is made from joint authors. Page numbers in the Index refer to boldface numbers in the text.

### A

**Abrams, H. D.**: Diatomaceous earth pneumoconiosis (corres.), 542 (Ap)

**Agnese, G.**: See Petrilli, F. L.

**Allan, W. S.**: Progress in rehabilitation of the injured worker, 480 (Ap)

**Amdur, M. E.**: Respiratory absorption data and SO<sub>2</sub> dose-response curves, 729 (Je)

**Anderson, A. E., Jr.; Hernandez, J. A.; Holmes, W. L., and Foraker, A. G.**: Pulmonary emphysema, 569 (My)

**Anderson, T. A.**: See Beber, W. F.

**Arling, L.**: Industrial clinics and occupational medicine, 644 (My)

**Aviado, D. M.; Samanek, M., and Folle, L. E.**: Cardiopulmonary effects of tobacco and related substances. I. The release of histamine during inhalation of cigarette smoke and anoxemia in the heart-lung and intact dog preparation, 705 (Je)

See also Folle, L. E.; Samanek, M.

**Axelsson, B., and Piscator, M.**: Renal damage after prolonged exposure to cadmium, 360 (Mr)

Serum proteins in cadmium poisoned rabbits, 374 (Mr)

### B

**Bakwin, H.**: Teen-age suicide, 276 (Mr)

**Balchum, O. J.**: See Swann, H. E., Jr.

**Bassett, J. G.**: Research (corres.), 814 (Je)

**Battigelli, M. C.; Hatch, T. F.; Hengstenberg, F., and Mannella, R. J.**: Tritiated thymidine labeling in the study of acute injury from air pollutants, 747 (Je)

**Hengstenberg, F.; Mannella, R. J., and Thomas, A. P.**: Mucociliary activity, 460 (Ap)

**Baughn, W. L.**: Recent activity in the noise and hearing field, 474 (Ap)

**Behan, R. C., and Hirschfeld, A. H.**: Disability without disease or accident, 655 (My)

**Berlin, M.; Jerskell, L. G., and Von Uebisch, H.**: Uptake and retention of mercury in the mouse brain, 38 (Ja)

**Bevilacqua, D. M.**: See LaBelle, C. W.

**Bils, R. F.**: Ultrastructural alterations of alveolar tissue of mice. I. Due to heavy Los Angeles smog, 689 (Je)

**Birmingham, D. J.**: Preventable occupational dermatoses, 639 (My)

**Bock, H. B.**: See Digon, E.

**Bond, G. F.**: Effects of new and artificial environments on human physiology, 85 (Ja)

**Boucot, K. R.**: Alvin R. Jacobson, PhD, 786 (Je)

By precept and example, 688 (Je)

Herman E. Hilleboe, MD, 786 (Je)

Importance of lead, reply (corres.), 138 (Ja)

Magic mountains, 3 (Ja)

A motto for all seasons, 145 (Fe)

The voice of the turtle, 420 (Ap)

**Branscomb, B. V.; Stalker, W. W.; Grimley, K. W., and Kenline, P. A.**: Alabama respiratory disease and air pollution study. I. A description of the study, 15 (Ja)

**Braun, D. C.**: Occupational health programs for small plants, 457 (Ap)

**Brieger, H.**: See Gross, P.; LaBelle, C. W.

**Brown, A. J.**: Evaluation of an influenza immunization program, 597 (My)

**Brown, P. D.**: Role of urban planning agencies, 394 (Mr)

**Busch, K. A.**: See Hueter, F. G.

### C

**Cahill, E.**: See Sloss, J. H.

**Cherry, J. D., and Jahn, C. L.**: Exanthem and enanthem associated with mumps virus infection, 518 (Ap)

**Cleary, S. F., and Pasternack, B. S.**: Lenticular changes in microwave workers, 23 (Ja)

**Cobb, S.**: See Kasl, S. V.

**Collen, M. F.**: Periodic health examinations utilizing an automated multitest laboratory, 275 (Mr)

**Collisson, N. H.**: Is group health insurance affecting your profits?, 429 (Ap)

**Contner, G. L.**: See Hueter, F. G.

**Cooper, W. C., and Tabershaw, I. R.:** Biologic effects of nitrogen dioxide in relation to air quality standards, 522 (Ap)

**Cooperative Study:** Radiologic classification of the pneumoconioses, 314 (Mr)

**Corn, M.; Thompson, D. H.; Schreibis, W. J., and deTreville, R. T. P.:** Observations from a 26-year sulfur dioxide area survey, 445 (Ap)

## D

**Danner, R. M.:** See Lee, S. D.

**Dattoli, J. A.:** See Lieben, J.

**Deuschle, K. W.:** See Furcolow, M. L.; Osgook, K.

**Dieteren, H. M. L.:** The biotransformation of o-tolidine, 30 (Ja)

**Digon, E., and Bock, H. B.:** Suicides and climatology, 279 (Mr)

**Dinman, B. D.:** Fluoride intoxication, reply (corres.), 269 (Fe)

William Francis Ashe—the later years, 673 (My)

**Doherty, D. T.:** State or federal workers' compensation—a conflict, 432 (Ap)

## E

**Endo, A.:** Teratogenesis in diabetic mice treated with alloxan prior to conception, 492 (Ap)

**Enterline, P. E.:** Social causes of sick absence, 467 (Ap)

**Erhardt, C. L.:** See Greenburg, L.

## F

**Felton, J. S.:** Teaching preventive medicine by the group discussion method, 631 (Mv)

**Field, F.:** See Greenburg, L.

**Fleming, W. L.:** Changing factors in syphilis and other venereal diseases, 101 (Ja)

**Fletcher, A.:** The measure of a good executive, 423 (Ap)

**Folle, L. E.; Samanek, M., and Aviado, D. M.:** Cardiopulmonary effects of tobacco and related substances. II. Coronary vascular effects of cigarette smoke and nicotine, 712 (Je)

See also Aviado, D. M.

**Foraker, A. G.:** See Anderson, A. E., Jr.

**Fox, J. P.:** The environment and the virus, 91 (Ja)

**Frank, N. R.:** See Speizer, F. E.

**Fredrick, W. G.:** See Hanlon, J. J.

**Furcolow, M. L.:** Microepidemics of fungus diseases, 1 (Ja)

**Shaffer, S. A., and Deuschle, K. W.:** Tuberculosis eradication in theory and practice, 287 (Mr)

See also Smith, C. D.

## G

**Gaensler, E. A., and Wright, G. W.:** Evaluation of respiratory impairment, 146 (Fe)

**Gardner, M. B.:** Biological effects of urban air pollution. III. Lung tumors in mice, 305 (Mr)

carcinoma of the lung in mice (corres.), 814 (Je)

**Garen, J. P.:** Magic mountains (corres.), 814 (Je)

**Geber, W. F.; Anderson, T. A., and Van Dyne, B.:** Physiologic responses of the albino rat to chronic noise stress, 751 (Je)

**Goldsmith, J. R.:** See Goldsmith, N. F.

**Goldsmith, N. F., and Goldsmith, J. R.:** Epidemiological aspects of magnesium and calcium metabolism, 607 (My)

**Goldstein, D. H.:** The study of environment and health, 551 (My)

**Goldwater, L. J., and Nicolau, A.:** Absorption and excretion of mercury in man. IX. Persistence of mercury in blood and urine following cessation of exposure, 196 (Fe)

See also Hoover, A. W.

**Gray, R. W.:** See Sataloff, J.

**Greenburg, L.; Field, F.; Reed, J. I., and Erhardt, C. L.:** Asthma and temperature change. II. 1964 and 1965 epidemiological studies of emergency clinic visits for asthma in three large New York City hospitals, 561 (My)

**Grimley, K. W.:** See Branscomb, B. V.

**Gross, P., and Brieger, H.:** Silicotic bronchiolitis obliterans, 5 (Ja) and Tolker, E. B.: Dust particles in lung sections, 213 (Fe)

## H

**Haagen-Smit, A. J.:** Carbon monoxide levels in city driving, 548 (My)

**Haley, T. J.:** Chronic lead intoxication from environmental contamination: myth or fact?, 781 (Je)

**Hanks, T. G.:** The physical examination in industry, 267 (Fe)

**Hanlon, J. J.; and Fredrick, W. G.:** Great lead controversy (corres.), 676 (My)

**Hannuksela, M.:** See Putkonen, T.

**Harley, J. H.:** Fallout strontium 90 as a metabolic tracer, 578 (My)

**Hatch, T. F.:** See Battigelli, M. C.

- Hayes, W. J., Jr., and Pirkle, C. I.: Mortality from pesticides in 1961, 43 (Ja)  
See also Nabb, D. P.
- Hellmuth, G. A.; Johannsen, W. J., and Sorauf, T.: Psychological factors in cardiac patients, 771 (Je)

- Waldbott, G. L.: Fluoride intoxication (corres.), 269 (Fe)
- Ward, D. F.: Welcome remarks, 70 (Ja)
- Warshaw, L. J.: Open letter (corres.), 409 (Mr)  
Putting the patient with cardiac disease back to work, 651 (My)
- Weeks, R. J.: See Smith, C. D.
- Weiss, William, and Weiss, W. A.: Toxicity of cigarette-smoke solutions for *Paramecium*, 227 (Fe)
- Weiss, Winifred A.: See Weiss, W.
- Williams, M. K.: Lead contamination (corres.), 409 (Mr)
- Wright, G. W.: See Gaensler, E. A.

## Z

- Zavon, M. R.: Correct dose (corres.), 676 (My); reply [Simpson], 676 (My)  
What's in a name (corres.), 542 (Ap)
- Ziegfeld, R. L.: Importance of lead (corres.), 134 (Ja)

## SUBJECT INDEX TO VOLUME 12

The following Index is an alphabetical list of all significant subjects presented in this volume. Books are listed alphabetically by first author under the heading "BOOK REVIEWS." Page numbers in the Index refer to boldface numbers in the text.

### A

#### **Absenteeism**

social causes of sick absence [Enterline], 467, (Ap)

#### **Absorption**

respiratory absorption data and SO<sub>2</sub> dose-response curves [Amdur], 729 (Je)

#### **ABSTRACTS**

413 (Mr); 546 (Ap); 682 (My); 818 (Je)

#### **Academic Achievement**

illness behavior and academic performance among medical students [Lewis], 776 (Je)

#### **Adenomas**

lung tumors in mice, biological effects of urban air pollution [Gardner], 305 (Mr)

#### **Adolescent Psychology**

mental health aspects of venereal disease [Lourie], 685 (Je)

teen-age suicide [Bakwin], 276 (Mr)

#### **Adrenal Glands**

physiologic responses of the albino rat to chronic noise stress [Geber], 751 (Je)

#### **Aerospace Industry**

exposure criteria for fluorine rocket propellants [Ricca], 399 (Mr)

#### **Aerospace Medicine**

short-term inhalation standards [Smyth], 488 (Ap)

#### **Air Pollution: See also Asbestosis**

AIHA short-term values [Jacobson], 486 (Ap)

Alabama respiratory disease and air pollution study, description [Branscomb], 15 (Ja)

biological effects of atmospheres contaminated by auto exhaust [Hueter], 553 (My)

biologic effects of nitrogen dioxide in relation to air quality standards [Cooper], 522 (Ap)

biological effects of SO<sub>2</sub> exposures on guinea pigs [Lee], 583 (My)

carbon monoxide levels in city driving [Haagen-Smit], 548 (My)

chronic respiratory disease in Alabama [Reid], 419 (Ap)

effects in Genoa, Italy, epidemiologic studies [Petrilli], 733 (Je)

environmental influences on living cells [Rounds], 78 (Ja)

military and space short-term inhalation standards [Smyth], 488 (Ap)

#### **Air Pollution—continued**

mucociliary activity [Battigelli], 460 (Ap)

observations from a 26-year sulfur dioxide area survey [Corn], 445 (Ap)

October 1963 New Orleans asthma study [Kenline], 295 (Mr)

tritiated thymidine labeling in the study of acute injury from air pollutants [Battigelli], 747 (Je)

ultrastructural alterations of alveolar tissue of mice due to heavy Los Angeles smog [Bils], 689 (Je)

urban, biological effects, lung tumors in mice [Gardner], 305 (Mr)

urban, effects of acute smog episodes on respiration of guinea pigs [Swann], 698 (Je)

#### **AMA Congress on Environmental Health Problems**

papers presented at second congress, Chicago, April 26-27, 1965, 70-133 (Ja)

welcome remarks [Ward], 70 (Ja)

#### **Anemia, Hemolytic**

and serum proteins in cadmium poisoned rabbits [Axelsson], 374 (Mr)

#### **Anoxemia**

the release of histamine during inhalation of cigarette smoke and anoxemia in the heart-lung and intact dog preparation [Aviado], 705 (Je)

#### **Antibiotic Therapy**

editorial [Reimann], 683 (Je)

#### **Antigonadotropic Agents: See also Norethynodrel**

#### **Aquanauts: See Ocean Floor Exploration**

#### **Arbona, Guillermo**

receives Bronfman Prize, 416 (Mr)

#### **Aromatic Hydrocarbons: See Naphthas**

#### **Asbestosis**

effect of asbestos dust inhalation on lung function [Kleinfeld], 741 (Je)

#### **Ascorbic Acid**

physiologic responses of the albino rat to chronic noise stress [Geber], 751 (Je)

#### **Ashe, William Francis, Jr., 1909-1966**

obituaries, 670 (My)

#### **Asthma**

and onset cold weather, New York City, 1964 and 1965 [Greenburg], 561 (My)

October 1963 New Orleans asthma study [Kenline], 295 (Mr)

variation in respiratory function, studies on patients and normal subjects [Spicer], 217 (Fe)

- Atmospheric Pressure**  
and suicide [Digon], 279 (Mr)
- Audiometry**  
incidence of hearing loss among job applicants [Sataloff], 235 (Fe)
- Automobile Exhausts**  
biologic effects of atmospheres contaminated by auto exhaust [Hueter], 553 (My)  
carbon monoxide levels in city driving [Haagen-Smit], 548 (My)
- B**
- Behavior**  
health, illness and sick role behavior [Kasl], 246 (Fe)  
health, illness and sick role behavior [Kasl], 531 (Ap)  
psychological factors in cardiac patients [Hellmuth], 771 (Je)
- Benzenes, Toxicity**  
 $C_6-C_{10}$  fractions from petroleum distillates, potential toxicity [Nau], 382 (Mr)
- Benzidine:** See O-Tolidine
- Berylliosis**  
chronic berylliosis and calcospherite deposition [Sherwin], 237 (Fe)  
the significance of beryllium concentrations in urine [Lieben], 331 (Mr)
- BIOGRAPHICAL SKETCHES**  
Hilleboe, Herman E. [Boucot], 786 (Je)  
Jacobson, Alvin R. [Boucot], 786 (Je)
- Biometeorology:** See Weather
- Birth Weight**  
smoking and prematurity in the presence of other variables [Reinke], 600 (My)
- Blood Banks**  
blood banking is a practice of medicine, not just a laboratory service [Molthan], 686 (Je)
- Blood Proteins**  
interactions with trivalent chromium [Pierce], 190 (Fe)  
serum proteins in cadmium poisoned rabbits [Axelsson], 374 (Mr)
- BOOK REVIEWS**  
American Association for the Advancement of Science. Air conservation—The report of the Air Conservation Commission, 681 (My)

- Carbon Monoxide**  
levels in city driving [Haagen-Smit], 548 (My)
- Carcinogenesis**  
environmental influences on living cells [Rounds], 78 (Ja)

**Cardiovascular Diseases**

acceptance of medical recommendations in cardiac work classification unit [Johannsen], 63 (Ja)  
psychological factors in cardiac patients [Hellmuth], 771 (Je)

**Cataract, Industrial and Traumatic**

lenticular changes in microwave workers [Cleary], 23 (Ja)

**Cell Division**

environmental influences on living cells [Rounds], 78 (Ja)

**Choice of Physician**

selection and use of specialists in Aluminum City [Sloss], 56 (Ja)

**Chromatography: See Ion Exchange Chromatography****Chromium**

interactions of trivalent chromium with proteins of human serum [Pierce], 190 (Fe)

**Chronic Disease**

Alabama respiratory disease and air pollution study, description [Branscomb], 15 (Ja)

**Cigarettes: See Tobacco****Ciliary Movement**

mucociliary activity [Battigelli], 460 (Ap)

**Climate: See also Weather****Clinics: See Hospital Outpatient Services****Closed Cabin Ecology**

effects of new and artificial environments on human physiology [Bond], 85 (Ja)

**Cold: See Seasonal Variation****Collective Bargaining**

role in evolution of company health insurance programs [Larry], 441 (Ap)

**Computers**

periodic health examinations utilizing an automated multistest laboratory [Collen], 275 (Mr)

**Congenital Abnormalities**

teratogenesis in diabetic mice treated with alloxan prior to conception [Endo], 492 (Ap)

**Continental Shelf: See Ocean Floor Exploration****Coronary Circulation**

coronary vascular effects of cigarette smoke and nicotine [Folle], 712 (Je)

**D****Death, Accidental: See Pesticides Poisoning****Dental Materials, Amalgam**

source of urinary mercury [Hoover], 506 (Ap)

**Deoxyribonucleic Acid**

tritiated thymidine labeling in the study of acute injury from air pollutants [Battigelli], 747 (Je)

**Depression**

teen-age suicide [Bakwin], 276 (Mr)

**Diabetes, Alloxan Diabetes**

teratogenesis in diabetic mice treated with alloxan prior to conception [Endo] 492 (Ap)

**Diabetes Mellitus**

diabetes and the environment [Levin], 621 (My)

**Diatomite**

diatomaceous earth pneumoconiosis (corres.) [Abrams], 542 (Ap); reply [Spain] 542 (Ap)

**3, 3'-Dimethyl Benzidine: See O-Tolidine****Disability**

without disease or accident [Behan], 655 (My)  
evaluation of respiratory impairment [Gaensler], 146 (Fe)

**Diseases**

unexplained medical symptoms and disease patterns [Soffer], 111 (Ja)

**DNA: See Deoxyribonucleic Acid****Dust Inhalation: See also Asbestosis**

dust particles in lung sections, methods of visualization [Gross], 213 (Fe)

**E****Ecology: See Soil Microbiology****Economics, Medical**

is group health insurance affecting your profits? [Collisson], 429 (Ap)

**Education, Medical**

teaching epidemiology to medical students [Terris], 802 (Je)  
teaching preventive medicine by the group discussion method [Felton], 631 (My)

**Electrophoresis**

studies on proteinuria in chronic cadmium poisoning [Piscator], 335 (Mr)

**Emergency Exposure Limits**

AIHA short-term values [Jacobson], 486 (Ap)

military and space short-term inhalation standards [Smyth], 488 (Ap)  
short-term exposure limits, discussion [Irish], 491 (Ap)

**Emphysema**

"hornblowers" disease (corres.) [Luongo], 410 (Mr)

**Enanthem: See Exanthem****Engineering**

capabilities in environmental control [Silverman], 120 (Ja)

**Enovid: See Norethynodrel**

- Environment:** See also Weather  
and diabetes [Levin], 621 (My)

- Hydrogen Fluoride**  
exposure criteria for fluorine rocket propellants [Ricca], 399 (Mr)
- Hydrogen Sulfide**  
can be handled safely [Poda], 795 (Je)
- Hydrospace:** See Ocean Floor Exploration
- I**
- Illness Behavior**  
and academic performance among medical students [Lewis], 776 (Je)  
illness and sick role behavior [Kasl], 246 (Fe); 531 (Ap)

**Industrial Hygiene**

AIHA short-term values [Jacobson], 486  
(Ap)

**Industrial Hygiene Foundation**

introduction [Soutar], 427 (Ap)  
thirtieth annual meeting, Pittsburgh,  
October 20-21, 1965, papers 421-491  
(Ap)  
foreword [De Treville], 421 (Ap)

**Industrial Medical Association**

fiftieth anniversary, tribute [McCord],  
408 (Mr)

**Industrial Medicine**

a design for service [McGee], 552 (My)  
evaluation of an influenza immunization  
program [Brown], 597 (My)  
hydrogen sulfide can be handled safely  
[Poda], 795 (Je)

industrial clinics and occupational medi-  
cine [Arling], 644 (My)

is group health insurance affecting your  
profits? [Collisson], 429 (Ap)

occupational health programs for small  
plants [Braun], 457 (Ap)

open letter to Dr. Philip R. Lee (corres.)  
[Warshaw], 410 (Mr)

problems and rewards in university-  
industry cooperative research [Lin-  
coln], 452 (Ap)

**Industry and Occupations, Injuries**

progress in rehabilitation of the injured  
worker [Allan], 480 (Ap)

**Infant, Premature: See Birth Weight****Influenza Vaccine**

evaluation of an influenza immunization  
program [Brown], 597 (My)

**Ion Exchange Chromatography**

of urinary proteins in chronic cadmium  
poisoning [Piscator], 345 (Mr)

**Insecticide Residues**

in water, toxicity and fate [Lichten-  
stein], 199 (Fe)

**Insecticides: See also Parathion****Insurance, Health**

is group health insurance affecting your  
profits? [Collisson], 429 (Ap)

the physical examination in industry  
[Hanks], 267 (Fe)

the role of collective bargaining in the  
evolution of company health insurance  
programs [Larry], 441 (Ap)

**J****Jacobson, Alvin Raymond, 1913-**

biographical sketch [Boucot], 786 (Je)

**James, George**

receives Bronfman Prize, 416 (Mr)

**Jurisprudence**

legislation and environmental health  
[Kennedy], 129 (Ja)

progress in workmen's compensation  
[Maisonpierre], 436 (Ap)

state of federal workmen's compensation  
—a conflict [Doherty], 432 (Ap)

**K****Kentucky**

lay midwifery in southern Appalachia  
[Osgood], 759 (Je)

**Kidney Tubules**

renal damage after prolonged exposure  
to cadmium, experimental study  
[Axelsson], 360 (Mr)

**L****Labor and Laboring Classes, Medical Care:**  
**See Insurance, Health****Laboratories**

periodic health examinations utilizing an  
automated multitest laboratory [Col-  
len], 275 (Mr)

**Langmuir, Alexander D.**

receives Bronfman Prize, 416 (Mr)

**Lead**

Qualified reviewers  
lead contamination (corres.) [Machle],  
269 (Fe); [Schroeder], 270 (Fe)

chronic environmental intoxication,  
myth or fact [Haley], 828 (Je)

contamination (corres.) [Williams], 409  
(Mr)

correction (corres.) [Patterson], 140  
(Ja)

great lead controversy (corres.) [Han-  
lon], 676 (My)

importance (corres.) [Ziegfeld], 134  
(Ja); [Johnstone], 134 (Ja); replies  
[Patterson], 136 (Ja); [Boucot], 138  
(Ja)

qualified reviewers (corres.) [Sanders],  
409 (Mr)

**Legislation**

the Pennsylvania regulations [Lieben],  
484 (Ap)

**Lethal Dose**

correct dose (corres.) [Zavon], 676  
(My); reply [Simpson], 676 (My)

**Lung Diseases: See also Asbestosis; Beryl-**

liosis; Pulmonary Emphysema

chronic respiratory disease in Alabama  
[Reid], 419 (Ap)

**Lung Function**

evaluation of respiratory impairment  
[Gaensler], 146 (Fe)

the influence of cigarette smoke on lung  
clearance [LaBelle], 588 (My)

variation in respiratory function, studies  
on patients and normal subjects  
[Spicer], 217 (Fe)

**Lung Neoplasms**

in mice, biological effects of urban air  
pollution [Gardner], 305 (Mr)

in mice, carcinoma (corres.) [Wade],  
814 (Je); reply [Gardner], 814 (Je)

**Lungs**

dust particles in lung sections [Gross],  
213 (Fe)

**M****Magnesium Metabolism**

implications of altered magnesium metabolism in women taking drugs for the suppression of ovulation [Goldsmith], 607 (My)

**Malpractice**

failure to probe wound, relation to skin cancer (corres.) [Lacey], 140 (Ja); reply [Hershey], 140 (Ja)

**Mental Health**

aspects of venereal disease in adolescents [Lourie], 685 (Je)

**Mercury**

dental amalgams as a source of urinary mercury [Hoover], 506 (Ap)  
persistence in blood and urine following cessation of exposure [Goldwater], 196 (Fe)  
uptake and retention in mouse brain [Berlin], 33 (Ja)

**Metabolism**

fallout strontium 90 as a metabolic tracer [Harley], 578 (My)

**Meteorology: See Weather****3'-Methyl-4-Dimethylaminoazobenzene**  
environmental influences on living cells [Rounds], 78 (Ja)**Microlithiasis: See Calcification****Microwave Radiation**

lenticular changes in microwave workers [Cleary], 23 (Ja)

**Midwifery**

lay midwifery in southern Appalachia [Osgood], 759 (Je)

**Military Medicine**

short-term inhalation standards [Smyth], 488 (Ap)

**Military Personnel**

pulmonary embolism in active duty servicemen [Kent], 509 (Ap)

**Minnesota Multiphasic Personality Inventory**

psychological factors in cardiac patients [Hellmuth], 771 (Je)

**Morbidity**

social causes of sick absence [Enterline], 467 (Ap)

**Mortality**

from pesticides in 1961 [Hayes], 43 (Ja)

**Mumps**

exanthem and enanthem associated with mumps virus infection [Cherry], 518 (Ap)

**Musicians**

"hornblowers" disease (corres.) [Luongo], 410 (Mr)  
old wive's tale (corres.) [Wade], 814 (Je)

**Myocardial Infarct**

putting the patient with cardiac disease back to work [Warshaw], 651 (My)

**N****Naphthas**

C<sub>9</sub>-C<sub>12</sub> fractions from petroleum distillates, potential toxicity [Nau], 382 (Mr)

**Naval Medicine**

effects of new and artificial environments on human physiology [Bond], 85 (Ja)

**NEWS AND COMMENT**

141 (Ja); 272 (Fe); 416 (Mr); 543 (Ap); 677 (My); 817 (Je)

**Nicotine**

coronary vascular effects of cigarette smoke and nicotine [Folle], 712 (Je)  
pulmonary vascular effects of cigarette smoke and nicotine [Samanek], 717 (Je)

**Nitrogen Dioxide**

biologic effects of nitrogen dioxide in relation to air quality standards [Cooper], 522 (Ap)

**Nitroglycerin**

headaches in explosive magazine workers [Trainor], 231 (Fe)

**Noise**

physiologic responses of the albino rat to chronic noise stress [Geber], 751 (Je)

recent activity in the noise and hearing field [Baughn], 474 (Ap)

**Norethynodrel**

implications of altered magnesium metabolism in women taking drugs for the suppression of ovulation [Goldsmith], 607 (My)

**Nose**

the uptake and release of SO<sub>2</sub> by the human nose [Speizer], 725 (Je)

**Nursing, Industrial**

probing a wound (corres.) [Lacey], 140 (Ja); reply [Hershey], 140 (Ja)

**O****OBITUARIES**

Ashe, William Francis, Jr., 1909-1966, 670 (My)

**Obstetrics: See Midwifery****Occupational Diseases: See also Berylliosis; Cadmium Poisoning; Cataract, Industrial and Traumatic; Headache**  
effect of asbestos dust inhalation on lung function [Kleinfeld], 741 (Je)  
preventable occupational dermatoses [Birmingham], 639 (My)**Occupational Medicine: See Industrial Medicine****Ocean Floor Exploration**

effects of new and artificial environments on human physiology [Bond], 85 (Ja)

**Operation SeaLab: See Ocean Floor Exploration****Ovulation Inhibitors: See also Norethynodrel**

**P****Paramecium**

toxicity of cigarette-smoke solutions for Paramecium [Weiss], 227 (Fe)

**Parathion**

correct dose (corres.) [Zavon], 676 (My); reply [Simpson], 676 (My)  
rate of skin absorption [Nabb], 501 (Ap)

**Parotitis, Epidemic: See Mumps****Periodic Health Examination: See Physical Examination****Pesticides: See also Parathion**

mortality from pesticides in 1961 [Hayes], 43 (Ja)

**Petroleum Distillates: See Naphthas****Physical Examination: See also Pre-Employment Examination**

periodic health examinations utilizing an automated multistest laboratory [Collen], 275 (Mr)

**Physicians Honors: See Bronfman Prize****Physiology**

effects of new and artificial environments on human physiology [Bond], 85 (Ja)

**Pneumoconiosis**

community chest x-rays for pneumoconiosis prevention [Tanaka], 10 (Ja)  
diatomaceous earth (corres.) [Abrams], 542 (Ap); reply [Spain], 542 (Ap)  
radiologic classification [A Cooperative Study], 314 (Mr)

**Poisoning: See also Benzenes, Toxicity; Berylliosis; Cadmium Poisoning; Fluorine Toxicity; Pesticides Poisoning****Pre-Employment Examination**

incidence of hearing loss among job applicants [Sataloff], 235 (Fe)  
the physical examination in industry [Hanks], 267 (Fe)

**Pregnancy in Diabetes**

teratogenesis in diabetic mice treated with alloxan prior to conception [Endo], 492 (Ap)

**Preventive Medicine**

health, illness and sick role behavior [Kasl], 246 (Fe); 521 (Ap)  
illness behavior and academic performance among medical students [Lewis], 776 (Je)  
teaching preventive medicine by the group discussion method [Felton], 631 (My)

**Progestational Agents: See Norethynodrel Progress**

the voice of the turtle [Boucot], 420 (Ap)

**Proteinuria**

in chronic cadmium poisoning, electrophoretic studies [Piscator], 335 (Mr)  
in chronic cadmium poisoning, gel filtration and ion exchange chromatography [Piscator], 345 (Mr)

**Protozoa: See Paramecium****Psychosomatic Medicine**

disability without disease or accident [Behan], 655 (My)  
psychological factors in cardiac patients [Hellmuth], 771 (Je)

**Public Health**

environmental health—a conceptual approach [Hilleboe], 787 (Je)  
open letter to Dr. Philip R. Lee (corres.) [Warshaw], 410 (Mr)  
program packaging [Wagner], 660 (My)

**Pulmonary Alveoli**

tritiated thymidine labeling in the study of acute injury from air pollutants [Battigelli], 747 (Je)  
ultrastructural alterations of alveolar tissue of mice due to heavy Los Angeles smog [Bils], 689 (Je)

**Pulmonary Circulation**

pulmonary vascular effects of cigarette smoke and nicotine [Samanek], 717 (Je)

**Pulmonary Embolism**

in active duty servicemen [Kent], 509 (Ap)

**Pulmonary Emphysema**

prevalence, severity, and anatomical patterns in macrosections, with respect to smoking habits [Anderson], 569 (My)

**Pulmonary Flow Resistance**

effects of acute smog episodes on respiration of guinea pigs [Swann], 698 (Je)

respiratory absorption data and SO<sub>2</sub> dose-response curves [Amdur], 729 (Je)

**Pulmonary Function**

effect of asbestos dust inhalation on lung function [Kleinfeld], 741 (Je)

**R****Radiation: See Microwave Radiation****Radiation Fallout: See Radioisotopes, Strontium 90****Radiation Injury: See Eye, Lens Opacity****Radioisotopes, Strontium 90**

fallout strontium 90 as a metabolic tracer [Harley], 578 (My)

**Radiolabeled Thymidine**

tritiated thymidine labeling in the study of acute injury from air pollutants [Battigelli], 747 (Je)

**Rehabilitation**

of injured worker, progress [Allan], 480 (Ap)

psychological factors in cardiac patients [Hellmuth], 771 (Je)

putting the patient with cardiac disease back to work [Warshaw], 651 (My)

- Relaxation**  
a motto for all seasons [Boucot], 145  
(Fe)
- Research**  
by precept and example [Boucot], 688  
(Je)  
problems and rewards in university-industry cooperative research [Lincoln], 452 (Ap)  
research (corres.) [Bassett], 814 (Je)
- Respiratory Disease:** See also Lung Disease  
Alabama respiratory disease and air pollution study, description [Branscomb], 15 (Ja)
- Respiratory System Disorders**  
evaluation of respiratory impairment [Gaensler], 146 (Fe)
- Reviewing**  
qualified reviewers (corres.) [Sanders], 409 (Mr)
- Rocket Propellants:** See Fluorine Toxicity
- Role:** See Behavior
- Rural Health**  
lay midwifery in southern Appalachia [Osgood], 759 (Je)
- S**
- Salivary Glands, Diseases:** See Mumps
- Sarcoidosis**  
cold season prevalence of clinical onset [Putkonen], 564 (My)
- Seasonal Variation**  
cold season prevalence of the clinical onset of sarcoidosis [Putkonen], 564 (My)  
onset of cold weather and emergency clinic visits for asthma in New York City, 1964-1965 [Greenburg], 561 (My)
- Sephadex Gel Filtration**  
of urinary proteins in chronic cadmium poisoning [Piscator], 345 (Mr)
- Servicemen:** See Military Personnel
- Shellfish**  
the shellfish problem [Mitchell], 547 (My)
- Sick Role:** See Illness Behavior
- Silicosis, Experimental**  
silicotic bronchiolitis obliterans [Gross], 5 (Ja)
- Skin Absorption**  
of parathion and paraoxon, rate [Nabb], 501 (Ap)
- Skin Diseases:** See also Exanthem  
preventable occupational dermatoses [Birmingham], 639 (My)
- Skin Neoplasms**  
failure to probe wound, relation to skin cancer (corres.) [Lacey], 140 (Ja); reply [Hershey], 140 (Ja)
- Smog:** See Air Pollution
- Smoking:** See also Tobacco  
maternal and prematurity [Reinke], 600 (My)  
pulmonary emphysema and smoking habits [Anderson], 569 (My)
- Soil Microbiology**  
further ecological studies of the growth of *Histoplasma capsulatum* in nature [Smith], 755 (Je)
- Specialism**  
medical care in Aluminum City, selection and use of specialists [Sloss], 56 (Ja)
- Stress**  
physiologic responses of the albino rat to chronic noise stress [Geber], 751 (Je)
- Students**  
suicide [Bakwin], 276 (Mr)
- Students, Medical**  
illness behavior and academic performance [Lewis], 776 (Je)
- Suicide**  
and climatology [Digon], 279 (Mr)  
in teen-agers [Bakwin], 276 (Mr)
- Sulfur Dioxide**  
biological effects of SO<sub>2</sub> exposures on Guinea pigs [Lee], 583 (My)  
observations from a 26-year sulfur dioxide area survey [Corn], 445 (Ap)  
respiratory absorption data and SO<sub>2</sub> dose-response curves [Amdur], 729 (Je)  
uptake and release by human nose [Speizer], 725 (Je)
- Syphilis**  
changing factors in syphilis and other venereal diseases [Fleming], 101 (Ja)
- T**
- Teen-Agers:** See Adolescent Psychology
- Temperature:** See Seasonal Variation
- Thoracic Radiography**  
community chest x-rays for pneumoconiosis prevention [Tanaka], 10 (Ja)  
radiologic classification of the pneumoconioses [A Cooperative Study], 314 (Mr)
- Threshold Limit Values**  
the Pennsylvania regulations [Lieben], 484 (Ap)
- Thymidine:** See Radiolabeled Thymidine

**Tobacco**

- by precept and example [Boucot], 688 (Je)
- coronary vascular effects of cigarette smoke and nicotine [Folle], 712 (Je)
- the influence of cigarette smoke on lung clearance [LaBelle], 588 (My)
- pulmonary vascular effects of cigarette smoke and nicotine [Samanek], 717 (Je)
- the release of histamine during inhalation of cigarette smoke and anoxemia in the heart-lung and intact dog preparation [Aviado], 705 (Je)
- toxicity of cigarette-smoke solutions for Paramecium [Weiss], 227 (Fe)

**O-Tolidine**

- biotransformation, qualitative investigation [Dieteren], 30 (Ja)

**Tracers: See Radioisotopes, Strontium 90****Trachea**

- a method for collecting near-normal secretions from the tracheobronchial tree in experimental animals [Hilding], 793 (Je)
- mucociliary activity [Battigelli], 460 (Ap)

**Tritiated Thymidine: See Radiolabeled Thymidine****Tuberculin Hypersensitivity**

- high-risk reactors and tuberculosis eradication in theory and practice [Furcolow], 287 (Mr)

**Tuberculosis, Prevention and Control**

- eradication in theory and practice [Furcolow], 287 (Mr)

**Tuberculosis Sanatoriums**

- an enjoyable note (corres.) [Hilleboe], 676 (My)
- magic mountains [Boucot], 3 (Ja)
- magic mountains (corres.) [Garen], 814 (Je)

**U****Ultraviolet Rays**

- environmental influences on living cells [Rounds], 78 (Ja)

**Undersea Environment: See Ocean Floor Exploration****Universities and Colleges**

- problems and rewards in university-industry cooperative research [Lincoln], 452 (Ap)

**Urban Planning**

- role of urban planning agencies [Brown], 394 (Mr)

**Urine Proteins: See Proteinuria****V****Venereal Diseases**

- changing factors in syphilis and other venereal diseases [Fleming], 101 (Ja) in adolescents, mental health aspects [Lourie], 684 (Je)

**Virus Diseases: See also Mumps**

- environment and occurrence of virus-induced diseases [Fox], 91 (Ja)

**W****Water Pollution**

- the shellfish problem [Mitchell], 547 (My)
- toxicity and fate of insecticide residues in water [Lichtenstein], 199 (Fe)

**Water Supply**

- epidemiological aspects of magnesium and calcium metabolism [Goldsmith], 607 (My)

**Weather: See also Seasonal Variation**

- suicides and climatology [Digon], 279 (Mr)

**Workmen's Compensation**

- and family physician, legal aspects [Segar], 647 (My)
- progress [Maisonpierre], 436 (Ap)
- progress in rehabilitation of the injured worker [Allan], 480 (Ap)
- state or federal workmen's compensation —a conflict [Doherty], 432 (Ap)

**Wounds and Injuries**

- probing (corres.) [Lacey], 140 (Ja); reply [Hershey], 140 (Ja)

## SUBJECT INDEX TO VOLUME 13

The following Index is an alphabetical list of all significant subjects presented in this volume. Books are listed alphabetically by first author under the heading "BOOK REVIEWS." Page numbers in the Index refer to boldface numbers in the text.

### A

- Abattoir Workers:** See **Occupational Hazards**
- Absenteeism**  
and parental disease histories of workers with coronary disease [Meigs], 655 (No)  
and serum lipids in coronary disease in industrial workers [Meigs], 645 (No)  
some economic estimates of job disruption [Winslow], 213 (Au)
- ABSTRACTS**  
136 (Jy); 271 (Au); 682 (No); 821 (De)
- Academic Achievement**  
illness behavior—academic performance (corres.) [Lewis], 675 (No)
- Accidents**  
AMA Congress on Environmental Health Problems, papers, 468-542 (Oc)  
factors affecting accident probability; fires causing large loss of life [Morris], 481 (Oc)  
handling of emergency cases [Kennedy], 511 (Oc)  
nature and extent [Brecht], 476 (Oc)  
a preventable epidemic [Kiefer], 468 (Oc)  
recreational accidents—prevention and management [Ryan], 507 (Oc)
- Accidents, Agricultural**  
occupational and rural accidents [Knapp], 501 (Oc)
- Accidents, Aviation**  
identification and injuries of air-crash victims [Gross], 289 (Se)
- Accidents, Home**  
poisoning hazards [Press], 525 (Oc)  
relationship of home environment to accidents [Wheatley], 489 (Oc)
- Accidents, Prevention:** See also **Accidents, Traffic**  
research design [Blumenthal], 531 (Oc)  
role of physician [Mirkin], 519 (Oc)
- Accidents, Psychology**  
current concepts of accident proneness [Behan], 462 (Oc)  
psychosocial influences on accidents [Wells], 496 (Oc)
- Accidents, Traffic**  
reduction, systems approach [Forster], 537 (Oc)  
regulating and motivating the driver [Key], 516 (Oc)
- Adolescent Diseases**  
the venereal disease problem in schools, rural areas, and among juveniles [Logan], 385 (Se)
- Aerosols:** See also **Dust; Gadolinium histamine, respiratory response of guinea pigs** [Amdur], 29 (Jy)
- Aerospace Medicine**  
identification and injuries of air-crash victims [Gross], 289 (Se)
- Agricultural Workers' Disease:** See also **Occupational Hazards**  
rapid determination of blood cholinesterase activity in insecticide absorption [Holmes], 564 (No)
- Air Pollution:** See also **Automobile Exhausts**  
and asthma in Yokkaichi, Japan [Yoshida], 763 (De)  
animal exposure chambers in air pollution studies [Hinners], 609 (No)  
chronic toxicity of gadolinium oxide for mice following exposure by inhalation [Ball], 601 (No)  
concentrations of carbon monoxide at traffic intersections in Dayton, Ohio [Ramsey], 44 (Jy)  
daily studies of respiratory function in patients with chronic obstructive lung diseases [Spicer], 753 (De)  
determination of cobalt in air and biological material [Hubbard], 190 (Au)  
effects of environment on respiratory function [Spodnik], 243 (Au)  
environmental chamber for the study of respiratory stress in small animals [Glauser], 61 (Jy)  
eye irritation response at low concentrations of irritants [Schuck], 570 (No)  
inadequate automobile control but more horsepower, more chrome, and more red herring [Hamming] 234 (Au)

carcinogens in a cracked petroleum residuum [Tye], 202 (Au)

**Petroleum Oils**

hydrocarbon pneumonitis, comparison of mineral seal oil and kerosene toxicities [Ring], 749 (De)

**Phosphates: See Tri-(2-Ethylhexyl)-Phosphate****Phosphorus Poisons, Organic: See Malathion; Organophosphates; Parathion****Photochemistry**

eye irritation response at low concentrations of irritants [Schuck], 570 (No)

**Physical Examination**

American dilemma—the periodic health examination [Siegel], 292 (Se)

check up on the checkup [Ingalls], 273 (Se)

too soon to check up on the checkup [Elsom], 274 (Se)

**Physician-Patient Relations**

goodbye, general practice [Boucot], 1 (Jy)

the venereal disease problem facing the private physician and his patient [Johnson], 393 (Se)

**Physicians**

medical profession and population control [Appel], 799 (De)

role in accident prevention [Mirkin], 519 (Oc)

**Physician's Honors**

AAOM Award of Honor, 1966, to William F. Ashe [McGee], 276 (Se)

**Physiology**

biomedical telemetry and environmental studies [Mackay], 683 (De)

**Plasticizers: See Tri-(2-Ethylhexyl)-Phosphate****Pleuropneumonialike Organisms: See Lung Diseases****Pneumonia, Aspiration**

hydrocarbon pneumonitis in rats [Ring], 749 (De)

**Poisoning**

home environment hazards [Press], 525 (Oc)

note on methyl bromide [Simpson], 673 (No)

**Poliovirus Vaccine, Oral**

seasonal response among Eskimo children [Reed], 429 (Oc)

**Polycyclic Compounds**

the contributions of various polycyclic aromatic hydrocarbons to the carcinogenic potency of a catalytically cracked oil [Tye], 202 (Au)

**Population**

problems of population balance [Mead], 802 (De)

**Preventive Medicine**

an American dilemma—the periodic health examination [Siegel], 292 (Se)  
coronary artery disease [Stamler], 322 (Se)

is prevention medicine? (corres.) [Broecker], 678 (No)

vanishing plagues and emerging infirmities [Farr], 805 (De)

**Private Practice**

medical education and private patients [Stapleton], 685 (De)

**Properdin**

the estimation of a euglobulin by ion-exchange chromatography [Powell], 199 (Au)

**Psittacosis: See Ornithosis****Psychology, Industrial**

newer treatment techniques for homosexuality [Hadden], 284 (Se)

some economic estimates of job disruption [Winslow], 213 (Au)

**Psychotherapy, Group**

newer treatment techniques for homosexuality [Hadden], 284 (Se)

**Public Health**

the allied professions—medicine's acre of diamonds [Watts], 811 (De)

medical practice and the organization of health services [Stewart], 815 (De)

the United States faces malaria again [Hinman], 547 (No)

vanishing plagues and emerging infirmities [Farr], 805 (De)

venereal disease and environmental health [Telfer], 351 (Se)

venereal disease in public health practice today [Ravenholt], 397 (Se)

**Pulmonary Edema**

the aspiration hazard and toxicity of a homologous series of alcohols [Gerarde], 457 (Oc)

**Pulmonary Function**

daily studies of respiratory function in patients with chronic obstructive lung diseases [Spicer], 753 (De)

effects of environment on respiratory function [Spodnik], 243 (Au)

environmental chamber for the study of respiratory stress in small animals [Glauser], 61 (Jy)

the respiratory response of guinea pigs to histamine aerosol [Amdur], 29 (Jy)

studies in beauticians [Sharma], 616 (No)

sulfur hexafluoride—a gas not certified for human use [Glauser], 467 (Oc)

world standards of cardiorespiratory performance [Shephard], 664 (No)

**Q****Q Fever**

prevalence of antibodies in abattoir workers [Schnurrenberger], 336 (Se)

**Questionnaires**

on the validity of mailed questionnaires in diagnosing angina pectoris and bronchitis [Cederlöf], 738 (De)

**R****Radiation Decontamination**

the problem of radioactive contamination of the skin [Schulte], 96 (Jy)

**Radiation Effects**

on learning ability [Schulte], 662 (No)

**Radiation Hazards**

new data on the effects of ionizing radiation on radiologists [Warren], 415 (Oc)

**Radiation Injury**

human effects of chronic, low dose radiation [Sagan], 345 (Se)

**Radioisotopes**

the problem of radioactive contamination of the skin [Schulte], 96 (Jy)

**Radiotelemetry**

biomedical telemetry and environmental studies [Mackay], 683 (De)

**Rare Earth Metals: See Gadolinium****Recreation: See Sports Injuries****Search**

in accident prevention [Blumenthal], 531 (Oc)

**Respiration: See also Pulmonary Function****Respiration Rate**

effects of continuous exposure of 0.8 ppm NO<sub>2</sub> on respiration of rats [Freeman], 454 (Oc)

**Respiratory Irritants: See Chlorobenzilidene Malonitrile; Diphenylaminochloroarsine****Respiratory Periodicity**

irritating properties of airborne materials to the upper respiratory tract [Alarie], 433 (Oc)

**Respiratory Tract Diseases**

in adults, presence of Haemophilus influenzae [Dick], 450 (Oc)

**Rest**

thermal responses of man during rest and exercise in a helium oxygen environment [Fox], 23 (Jy)

**Rural Health**

health in a semi-isolated West Virginia community [Jarvis], 422 (Oc)

**S**

- Safety Education**  
regulating and motivating the driver [Key], 516 (Oc)
